Renewal Program: Smith Mills Heating Boilers

SMITH MILLS HEATING BOILERS have been reliably heating your schools for decades and will continue do so; more efficiently and safer than ever, with our RENEWAL PROGRAM. Unfortunately, all mechanical equipment wears out. In the past, CS&E has supplied & serviced your Heating equipment. We are now offering a new program to completely renew or refurbish your existing boilers.

**REBUILT TO
LAST LONGER**

BUILT TO LAST...

BOILER RENEWAL PROGRAM HIGHLIGHTS

Eventually all Mechanical equipment wears out, especially after decades of service. Typically a replacement is required within 20-30 years depending on what type of system you have and how long it has been in service.

Combustion Service now offers a cost effective solution when this time comes.

In response to many requests from our Mills Boiler customers, Combustion Service is now offering a new program to basically rebuild your entire boiler and Burner with new parts. **This program will transform your Vintage heating equipment to "like new" condition for a fraction of the cost or a complete replacement.**

We are now running a promotion on this service from Spring until Fall. All customers will receive a 5% discount on this service and ALL included accessories.

Call or email us now for pricing.

- Unbelievable savings with renewal process. Eliminates the need for a complete replacement.
- Each renewal comes with a 5-Year parts and Labor Warranty.

- Supported by **COSTARS™** ★★★★★

- Water Softeners, Hydronic pumps, Expansion Tanks & Valves can be incorporated into this program.

School (heating systems) that would benefit from this program:

- Hydronic or Steam Heating Systems
- Cast Iron & Steel Water Tube Boilers
- We can renew or refurbish several different manufactures.

Call us for details! We will send one of our sales associates to complete a boiler survey.
